General Information

The Music & Arts Service will continue to support schools in giving every pupil the opportunity to learn to play a musical instrument and supporting schools to achieve the aims and ambitions for schools set out in the new National Plan for Music Education and Model Music Curriculum.

As a service, we are committed to making every child's music matter in Bradford. Our services are packaged to provide all pupils with the opportunity for one year of whole class tuition and continuation through progression routes. All of our service packages continue to be heavily subsidised and tailored to each school's individual needs.

With the introduction of Music Education HUBs, Arts Council England will require each LA to provide data that will be collated for a Government return for pupils having first access to instrumental tuition and continuation. We therefore require all participating schools to provide class lists (UPN) for all pupils taking part in a Whole Class Instrumental Lessons from September 2024 and any pupils who will be continuing tuition following their first and second year as soon as this is confirmed. Please read the instructions below which provide details about the process for secure transfer of student information from your school to the Music & Arts Service.

Special Requirements

Due to the complexity of timetabling a peripatetic service across the whole district, the more days and times which schools make available to the Service will result in fulfilling more requests for instrumental/vocal tuition. If however there are any specific days/times that your school cannot accommodate, please advise the Service on the booking form. Unless specified, if you are renewing current provision please note the current day and time may alter.

The Music Service will provide:

- A minimum of 30 sessions throughout the academic year to allow for staff sickness, training and events (please note any unforeseen staff absence may not be covered)
- Instruments as required for the whole class instrumental teaching scheme (subject to availability)
- 15 instruments to support second year continuation at £8.00 per term per instrument with further instruments to support this free as required (subject to availability)
- Instruments available to support third/fourth year continuation at a cost of £8.00 per term per instrument
- CPD
- Performance opportunities
- Subsidised access to online learning and support via Charanga via <https://bso.bradford.gov.uk/secure/charanga>

Whole Class Instrumental Lesson schemes work best with full support from schools, therefore, we ask that the information below is checked. Schools participating in these schemes agree to:

- Ensure the same class teacher/teaching assistant is available to participate in the delivery of the lesson each week. This provides a CPD opportunity for this member of staff
- Be committed to the scheme and encourage the children to participate fully and provide appropriate pupil information regarding additional needs to enable full inclusion.
- Order instruments prior to the term starting (during the summer term)
- Provide appropriate storage for the instruments
- Ensure any instruments provided by the school are suitable for the purpose of the scheme
- Take responsibility for instruments provided by the Music Service. Optional insurance is available via the instrument supplier (Windstruments). A suggested instrumental hire form attached should you wish to allow children to take instruments home to practice
- Provide class lists (UPN) for all pupils taking part in your Whole Class Instrumental Lesson Scheme and year 2, 3 and 4 continuation as entered/shown on management information system. **Information on how to do this will be issued at a later date.**
- Offer third/fourth year continuation
- Should recorders/keyboards be the required discipline then the school should purchase their own recorders/keyboards and an appropriate reduction will be made to the standard package cost.
- Prices are subject to VAT where applicable for academies/free schools etc
